

MAIL BID SALE TERMS

A mail bid sale is an auction where all bids are submitted in writing.

The mail bid sale helps the collector to better determine the value of a coin, which benefits both buyer and seller, as the coin's selling price is the result of input from thousands of participants and not just the opinion of a single specialist.

DATES :

Cutoff for consignments was **October 1st 2011**, bid sheets must be received by no later than the close of business on **November 17th, 2011**; notification of successful bidders and list of prices realized will be sent to bidders on **November 24th, 2011**. Settlement to consignor will occur on **December 23rd, 2011**. Unsold lots will be offered at their opening prices till **December 16th, 2011**.

LOT VIEWING :

The coins in this sale will be available for viewing as soon as the catalogues have been shipped. Viewing will be at 36, rue Vivienne, 75002 Paris, and is by appointment only.

THE CATALOGUE :

PHOTOS depict the actual size of the coins, and are shot under normal lighting conditions. All enlargements are specified as such. All **DESCRIPTIONS** have been made in good faith. We have included all the information we thought helpful - not only to the collector but to the scholar as well. This sale contains coins that range from rare to extremely rare. After the sale, the coins will have dispersed in your various collections, but the data will remain available to everyone.

GRADING has been strict and realistic.

REFERENCE books have been chosen for each coin to help each collector to attribute every coin with precision. A **BIBLIOGRAPHY** is provided with a listing of all books used in the preparation of this catalogue.

The **OPENING BIDS** have been determined in consultation with each consignor, and constitute the minimum bids that will be accepted.

ESTIMATES are, in our opinion, the approximative values of each lot. Of course, this evaluation can only be accurate for coins that appear often enough on the market to satisfy collector demand. As many of the coins in **MONNAIES 51** have not been offered for years, estimates for many items may be somewhat conservative. The rarer the coin, the farther off our estimate may be. In any case, it is never intended as a maximum.

BIDS :
